

# Driving directions from Sparti to Drosopigi

On your way from Sparta and 4 km before you reach at Gytheio, you will find a big blue road sign on your right, directing you to **AREOPOLIS**. **Turn right**.

Continue straight on for 8 km, where you will find on your right a big blue road sign pointing towards **SKOUTARI**. **Turn left**.

Then you drive for exactly 4,1 km, where you will find a blue road sign on your right pointing towards **DROSOPIGI**. Follow that route – please note that under this big blue road sign, low down, there is also a small white sign with the logo of “**Philothea**” guest house, also **pointing right**.

Less than 100 meters further there is another small white “**Philothea**” sign, low down, **pointing right** – there is also another blue road sign showing the same right direction to **DROSOPIGI** village. Now you follow this route, which will take you to the top of the hill, where the guest house is located.

After 2,5 km, you reach a point where your options are right or left. At this point there is, straight in front of you, another white “**Philothea**” sign on a wooden electricity pole, **showing left**, which means you continue to drive towards the top of the hill. After 2,8 km you will arrive at the entrance of the village **DROSOPIGI** and you have two options: **by turning left the guest house is 200 meters or by turning right it is 300 meters away**.

**If you are staying in A1 or B1 apartments** on the ground floor, please follow very slowly, the right direction and in 50 meters, you are already at the square of the village, with the church on your left, the big tree on your right and in front of you there is the only tavern of the village. At this point you continue your route slowly straight towards the tavern, for 20 meters and then you turn right, following the village road. In a few meters straight in front of you, you will see another “Philothea” sign, showing left. Follow that road –it is a little bit bumpy, and in 200 meters you are in front of the Guest House, where you can park your vehicle, in one of the open parking areas, in a position that will not block the other cars.

**If you are staying in A2 or B2 apartments** on the first floor, please go towards left and in 20 meters you will see in front of you another “Philothea” sign pointing left. After 60 meters on your left hand another sign is showing right and then 50 meters in front of you another one is showing left. Follow that narrow road for 70 meters and you will arrive at the parking place of the Guest House.

It is suggested that, before parking, you reverse your car in, so that you can move your luggage easier into the apartment. Then follow one of the footpaths down to the Guest House. Please do not drive in the stone path, because it is very steep.
